Meetings: Proposed Purpose & Format

Purpose of Meetings:

- Help build the EMIL Taskforce as a **community**
- Allow members to **organise sessions** on concrete topics or members' activities (via Steering Group?)
- Serve to **educate and inform** members e.g. by inviting informal speakers or watching/reviewing content together.

Content/Structure:

- **Regular catch-up** without requirement for additional preparation.
- Allow for more **in-depth discussions**
- Check in on **external developments**
- Discussion about EMIL representation at **external events, EMIL outputs, or resources**

Frequency: Every 2 months (including, where possible, in the margins of EPRA Spring/Autumn meetings). Ad-hoc at short notice if requested by a member.

Format: Virtual (or potentially hybrid when in-person meetings become possible). Scheduled towards the end of the working day, informal atmosphere, like real-life networking event.
