2020

2021

March 2021

Published our Workplan, marking a step-change in how regulators coordinate

May 2021

ICO CMA Joint publication on competition and privacy

Our proposed options to Government to support regulatory cooperation

Supporting information sharing

- Review **information sharing gateways** to ensure they are fit for the future

Embedding coherence in statutory frameworks

- Options around aligning supplementary duties and supporting consultation to underpin and enable increased cooperation

Transparency and accountability

- DRCF commitments to **annual planning and progress reviews**

DRCF workplan 2021-2022
